To Future Employers,

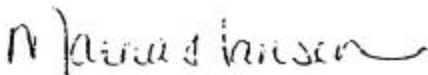

I have had the pleasure of working closely with Chris Wade while he was employed at Lowell Ranger District, and highly recommend him for any position you may have in your organization.

Chris was instrumental in helping the Public Affairs Officer and myself in accomplishing a very professional yearly report using the Ventura Publishing Software. Chris not only produced the report for us in Ventura, he assisted with designing the report layout and scanning numerous pictures to be used.

Chris also assisted the District with loading various complicated software, configuring various types of personal computers for Rbase, Lotus, Harvard Graphics, Wordperfect, 1Dirplus, Paint Show, Softerm, etc. He demonstrated an outstanding knowledge of PC software and hardware and has been very helpful to our employees in learning the various new computer systems and programs.

I have found Chris to be very enjoyable and easy to work with, even under very high pressure situations. Chris is an excellent employee and I will greatly miss his computer expertise and willingness to always assist others!

Sincerely,

MARNA HANSEN
Administrative Officer
